

WIDER CURRICULUM HOME LEARNING – SPORTS WEEK

This week we should have been enjoying our school sports day. Instead, we are going to do a whole week on sports! Select from the activities below:

Sports Day Challenge!

Create your own family Sports Day, think about the events you will be able to do in the space you have in your house or garden, create a leader board, maybe you could even film the event – we'd love to see it!

Trainer Design

Designing is big business in the sporting world. Can you design the next best trainer brand, you will need to think about aerodynamics for speed, comfort, style and create your own logo! Remember to annotate your design to explain the features.

Work out!

Design your own Joe Wicks workout, you could create your own sports trivia quiz to go with the workout! Why not film it for us to share on Seesaw and some of your friends could do it!

Famous sports people

Next year, the new year 3s will have their classes named after famous sports people. We would love for you to share some facts with the year 2 children about some of these famous people. You can choose how to present your findings; you could write a fact file, make a PowerPoint, create a news report, draw or paint their portrait.

School Games Mark June

Complete this week's challenge. Remember the more children take part the more points we get towards our school total and the competition! You could play Physical Activity Bingo or Connect 4!

Design a Mascot

Many sports have mascots, can you design a Mascot for the Olympics?

REMEMBER TO SHARE YOUR WORK WITH YOUR TEACHER USING SEESAW OR THE CLASS EMAIL ADDRESS 😊
