

Name: \_\_\_\_\_

Class next year: \_\_\_\_\_

Please could you answer the questions below to allow your new class teacher to see how you have got on with maths whilst learning from home and get to know you better as a mathematician. Please be honest when completing the document: it's ok if you have struggled and not done anything – we just would like to know.

**How much maths have you done at home?**

**I completed the maths tasks:** (circle or highlight the appropriate answer)

every day                      3-4 times a week                      1-2 times a week

some weeks I did maths, some weeks I didn't                      never

**How often did you play on Times Table Rock Stars?**

every day                      3-4 times a week                      1-2 times a week

some weeks I did, some weeks I didn't                      never

**Which topics/lessons did you find easy when working from home?**

  
  
  
  
  
  

**Which topics/lessons did you find tricky when working from home?**

**Do you like maths? Yes/No... Why/Why not?**

**Have you done anything else at home that may have involved using your maths skills?** (This could include baking, measuring, counting, shopping, sorting, learning the time/time keeping, shapes)
