

Parent Survey Results 2023

95%

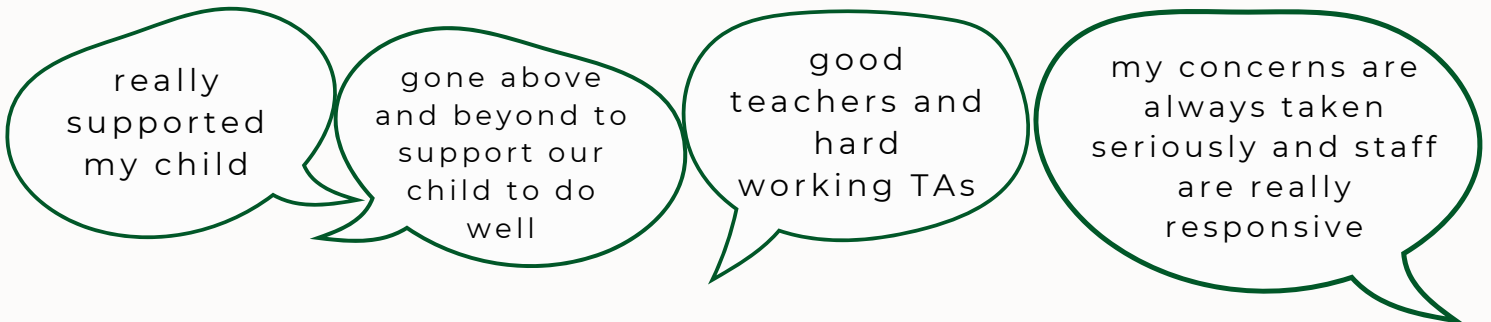

would recommend this school to another parent.

This is a significant increase from our last Ofsted Parent View which was 79% (2018)

STRENGTHS

- Your child feels happy
- Your child feels safe
- Children are well behaved
- The school deals with concerns raised
- There are high expectations for your child
- Your child does well at this school
- The school lets you know how well your child is doing
- There is a good range of subjects

AGREE OR STRONGLY AGREE

AREAS WE CAN DO BETTER

COMMUNICATION

*More information about learning.
Better timing and format of information.*

The information we send out about the curriculum and events is being missed or isn't clear enough, so we are going to:

- Try to get a better emailing service; ours is too limited.
- Review the format of our curriculum and events letters so they are easier to read.
- Schedule more information workshops, at different times of the day.
- Keep using social media for updates.

ENRICHMENT

Wider variety of clubs, experiences and visits.

Costs are a big factor. We can't afford to pay for a lot without parent contributions (e.g. currently there is deficit of £3000 for swimming; we can't then subsidise more unpaid trips). So, we are going to:

- Put together a plan of enrichment for each year group, with more experiences and visits, with a total cost, in advance.
- Try to source more volunteers for clubs and CLACA events, as well as paid clubs from companies.

Thank you to everyone who responded to our survey. Every single comment has been helpful in understanding how we improve further for you and our children.
