

Daily arithmetic

Year 5

W/C – 11/5/20

Each day, warm up your brain by having a go at 10 arithmetic questions. This should be a quick task and take around 10 minutes. Think carefully about whether you need a method or you can do it mentally. You need to make sure that you remember to use your place value knowledge, the place value chart below might help you. **ALWAYS** line up your decimal point!
